MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your Directors have pleasure in presenting the management discussion and analysis report for the year ended on March 31, 2014.

(A) INDUSTRY STRUCTURE AND DEVELOPMENT

G.M.Breweries Limited (GMBL) is engaged in the manufacture of alcoholic liquor. Though the company has got the facility to blend and bottle both Indian made foreign liquor and country liquor, the concentration has been mainly on country liquor during this year also due to competitive market conditions in the IMFL segment. The Company has been making impressive progress in the business of country liquor during the past five years.

Even though not much official statistics are available about the production of country liquor by vari-

ous manufacturers, the data gathered from The State Excise Department shows that the company contributes about 20 to 25 % of the total Excise duty for country liquor in the whole of Maharashtra.

(B) OPPORTUNITIES, THREATS AND CONCERNS.

The Company's products have been enjoying consistently good brand image and loyalty from the consumers for the past several years and the company enjoys virtual monopoly in country liquor in the districts of Mumbai and Thane. It is the single largest manufacturer of country liquor in the State of Maharashtra. The company has capacity to process 13.76 crore bulk litres of country liquor per annum out of which only about 43.39 % has been utilized last year. The company has got tremendous potential to utilize the balance capacity by penetrating into interior districts of Maharashtra taking advantage of its brand image.

Even though stringent steps have been taken by the various Government agencies, the parallel duty evaded market which eats into Company's market share as well as Government's revenue continues to be the main threat to the Company. The company continues to make representations at various levels of the Government to take effective steps to curb the illicit market in the interest of the industry, revenue of the state as well as the public health.

The Company has been facing difficulty also due to very high levels of taxation and frequent changes in laws. In fact the exorbitant rate of taxation is one of the factors, which breeds duty evasion. The high level of fluctuations in the prices of its main raw material namely Rectified Spirit and as well as acute shortage in the availability of Spirit are the constraints faced by the Company during the past several years. In the recent past company also faces the problem of exercise of concurrent and parallel jurisdiction by more than one government agency like the **State Excise Department, Legal Metrology Department and Food and Drugs Administration Department (FDA)** which are conflicting in nature.

To overcome the problem of shortage, wide price fluctuation and heavy breakages in glass bottles, the Company has started marketing all sizes of country liquor in PET bottles which is slowly gaining acceptance from the consumers. However, during the last year the company faced the problem of fluctuation in the prices of PET bottles also due to increase in petroleum prices in the international market. During the year under review about 42.50% of the company's total production & sale consisted of PET bottles. Company's all bottling lines have been designed to handle both glass and PET bottles. During the course of the year the company installed "Un-

G. M. BREWERIES LIMITED

scramblers” in all the PET bottling lines which will facilitate direct feeding of the bottles on the line which in turn will increase the output considerably.

During the course of the year the company has completed the ambitious project of replacing all the MS tanks into SS tanks and also installed additional blending and water storage tanks. With this, the company will have the unique distinction of having all the blending, spirit storage & water storage tanks and the connecting pipelines in Stainless Steel.

During the past three years, the Company has started using 180 ml Glass bottles embossed with its Registered Logo and also taken adequate legal steps to ensure that, these bottles are not used by other liquor manufacturers. These measures have resulted in larger inflow of recycled bottles which has in turn helped the Company to cut overall cost of packing materials.

(C) OUT LOOK

Barring the aforesaid deterrents, the company does not foresee any major threats to its growth and market share in the coming years. The existing capacity should take care of the company’s requirement at least for the next Five years and the Company does not foresee any technological obsolescence for its products.

(D) INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has engaged the services of an independent Chartered Accountant to carry out the internal audit and ensure that recording and reporting are adequate and proper, the internal controls exist in the system and that sufficient measures are taken to update the internal control system. The system also ensures that all transactions are appropriately authorised, recorded and reported. Exercises for safeguarding assets and protection against unauthorised use are undertaken from time to time. The Company has also installed an extensive CCTV surveillance system to cover the entire factory premises. All these measures are continuously reviewed by the management and as and when necessary improvements are effected.

(E) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The financial performance during the year under reference has been impressive in terms of profits. Even though there has been a slight increase in the turnover, the volume of profits has increased substantially. The increase in profitability is due to better realization and moderate prices of rectified spirit and packing materials in addition to cost cutting measures taken by the company.

(F) CORPORATE SOCIAL RESPONSIBILITY.

The management of your company is of the opinion that the company’s contribution to the society should be of its own volition and not out of compulsion. Hence, even before it was mandated by law, the company has initiated measures, for the past several years, to help the poor and downtrodden section of the society by contributing to the “Feeding the poor and other philanthropic activities” of Sant Shree Gulabbaba Charitable Trust.

(G) MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED.

As on March 31, 2014 the company had 179 permanent employees at its manufacturing plants and administrative office.

The company recognizes the importance of human value and ensures that proper encouragement both moral and financial is extended to employees to motivate them.

The company has provided accommodation to all its staff & workers adjacent to the factory premises of the company. The company enjoyed excellent relationship with workers and staff during the last year.
